Dear Parents, Children and Well-wishers!

As we delve into another enriching session at Chiniot Islamia School and College, the commencement of a new session heralds a fresh chapter in our journey of learning and growth. With record new admissions, we welcome a diverse cohort of students, each bringing their unique talents and perspectives to our vibrant community.

I'm immensely proud of our students' academic progress and their dedication to learning in this session. Their commitment to excellence is truly commendable, and it's heartening to witness their growth and achievements across all co/extra-curricular activities.

Firstly, I am delighted to announce the implementation of an **ERP system** in our school, which will streamline communication and provide ease to parents in accessing information about their children's academic progress and school activities. This initiative reflects our ongoing commitment to leveraging technology for the benefit of our school.

Our recent **Sports Week** was a resounding success, with students showcasing their talents, sportsmanship, and teamwork. It was inspiring to see our students come together to celebrate **physical activity and healthy competition**.

Similarly, our **Science Expo** surpassed expectations, with students exhibiting innovative projects and demonstrating their passion for scientific inquiry. Their curiosity and creativity truly shone through, reinforcing our commitment to fostering a culture of exploration and discovery.

Looking ahead, I'm excited to announce that next year we will place a strong emphasis on **"Ethics and Citizenship Education"**. These essential skills not only shape students' character but also empower them to become responsible global citizens. Together, we will nurture values of integrity, empathy, and social responsibility.

Furthermore, I'm thrilled to declare that the upcoming year will be dedicated to **"Classroom Excellence"**. We will prioritize delivering engaging, dynamic lessons that cater to diverse learning styles and inspire a love for learning in every student. With a focus on innovation and instructional best practices, we aim to create a vibrant learning environment where every child can thrive.

Finally, I extend my sincere gratitude to all parents for your unwavering support and partnership in your child's education journey. Let us remember that like eagles, we soar highest when we support and uplift one another. Your involvement and encouragement play a pivotal role in our collective success. I am also thankful to the dedication and commitments of the faculty and supporting staff. Our Management is always vigilant in constantly equipping the institution to attain its vision and mission. We will be launching our boys college in upcoming year In Sha Allah.

Eagle of the week: Sania Basit, '24

Sania is an exchange student from Pakistan who has adjusted well to MTA life. Indeed, she was the runner-up at last night's MTA Poetry Out Loud Competition! Outside of MTA, she has completed more than forty-five hours of community service. Sania's favorite teacher this year has been Mr. Sasso and favorite class the course that she took with him, Astronomy. Sania has participated in MTA's Interact Club, Model UN, and the Talon while here, as well. She is interested in pursuing A-Levels in Pakistan upon return before than attending college or a university. "I'd never seen the ocean before," she shared, the smell of which might be the thing she will miss most about Maine. And maple syrup, too.
